

Liaison International is the leader in Centralized Application Services (CAS) for health profession associations. A CAS facilitates the admissions process for applicants, schools and programs admissions departments:

Applicants

- submit one application
- submit one set of transcripts
- submit one set of letters of recommendation
- track their admission progress and documents
- single location for comparing and applying to multiple schools and programs

Participating Schools/Programs

- real-time, on-line access to only their applicants
- access to a larger pool of qualified applicants
- ideal platform for sharing best practices among peers

Profession

- complete view of Applicant pool
- compile accurate statistics on the profession
- provides high visibility for the profession

Why Liaison?

Knowledge

In-depth understanding of the CAS process and admission needs
 Diverse experience in implementing similar CAS processes at health professions associations and institutions
 Exchange of best practices

Track Record

Evolved through on-going feedback and client interactions
 Proven record of implementing national projects
 Strong engagement and commitment from health profession clients

Products and Services
