

CUSTOM DATA REPORT ORDER FORM

The American Association of College of Nursing (AACN) offers special, customized data reports to meet the needs or preferences of individual institutions.

Special reports can be provided for your school and a group of comparison institutions of your choice on variables such as enrollment and graduation by type of program and faculty salaries according to rank and degree level.

Please anticipate a two to three week time frame for completion of the custom report. Upon completion, the report is sent via e-mail attachment. Invoices are mailed under separate cover.

To order a customized data report, please complete this order form (Parts A, B, and C) and return via fax (202-785-8320). After your request is received and reviewed you will be faxed a letter of agreement that will include the report description for verification and the total cost. The data analysis for the report can only begin once the agreement is signed and returned to AACN. Please be aware that all reports are copyrighted by AACN and that no information contained in these reports may be reproduced in any form or for any purpose without written consent of AACN. Results may not be changed or modified in any way. By signing this order form you are accepting these terms.

For more information, contact Dr. Di Fang, Director of Research and Data Services (202-463-6930, Ext. 225; dfang@aacn.nche.edu) or Chris Tracy, Research and Data Coordinator (202-463-6930, Ext. 236; ctracy@aacn.nche.edu)

By signing this order form I am acknowledging my understanding of the above copyright information. I am also verifying, if applicable, that I am authorized to view my school's salary information.
