

DEVELOPING ACADEMIC LEADERSHIP IN COMPLEX ENVIRONMENTS

2013 GANES Post Conference Workshop
Thursday May 23rd, 2013
Crowne Plaza, Melbourne , Australia

This session will provide the participant with a comprehensive understanding of the challenges faced by senior academic leaders in nursing education. The presentations will address internal and external issues, provide suggested strategies for creating a strong academic environment, and a framework for developing connections with peers and collaborators. Presentations will be made by an array of international nursing leaders who bring a wealth of experience in academic roles.

Session Highlights
